Professional Summary

I have gained valuable expertise in Full Stack Java Development through a comprehensive Master's Program, building confidence in front-end, back-end, and software development. I am now seeking a challenging role as a Full Stack Java Developer or in related fields to apply and expand my technical skills. Additionally, I have strong proficiency in MS Excel, content writing, data validation, and email marketing. My creative and analytical mindset enables me to deliver impactful marketing campaigns and ensure data accuracy. I am eager to contribute to innovative projects while advancing my career.

Skills

• HTML5	• CSS3
• JavaScript	• Bootstrap
• Git	• GitHub
• PHP	• MySQL
• Advance MS-Excel	• Content Writer
